Quality testing is completed with adequate discussion before production. Completing every task required by quality testing is our guarantee of quality.

*Eddy Current
& Optical Sorting*

OUTSTANDING FEATURES

- ◆ Zero-error for Comprehensive Material Inspection
- ◆ Hardness Inspection Capacity HRC 3
- ◆ 360° Head Crack Inspection
- ◆ Recess Crack
- ◆ Heat Treatment Quality
- ◆ Material Mixing
- ◆ Case Depth

Packing Warehouse

*Small box / PVC / Bucket / Pail packing
Label and box according
to customer's design*

Safe Storage

Aster[®] screw
around the world
